PHILIPS
sense and simplicity

Highlights

Direct Dubbing

The Direct Dubbing button delivers unbeatable convenience - allowing you to transfer your favorite scenes from DVD to VHS tape, and vice versa. Pressing the button while you play your DVD or VHS tape initiates a simple one-step menu that allows you to reconfirm your intention to copy - without complicated steps or multiple selections. Convenient, quick and easy - that's Direct Dubbing.

USB Direct

Simply plug your device into the USB port on your Philips DVD system. Your digital music and photos will be played directly from the device. Now you can share your favorite moments with family and friends.

ShowView

With the ShowView system, all you need to do to program your video recorder is to enter the ShowView number – a single code of up to nine digits (but usually less) that is printed next to each TV program in most TV guides.
